LANDSCAPING WITH NATIVE WISCONSIN PLANTS!

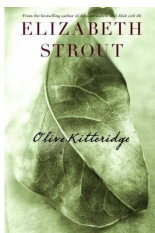

**WEDNESDAY, MAY 5, 6:30-7:30pm,
Hawks Inn Visitor Center
*REGISTRATION REQUIRED***

Master Gardener Mary Qualler will teach you about planning, preparation, and planting of native flowers, shrubs, and trees—including information about the beneficial insects and birds they attract and the elimination of invasive plants.

EATING AS MEDITATION

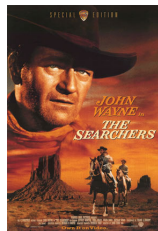

**WEDNESDAY, JUNE 2, 7-8pm, Hawks Inn Visitor Center
*REGISTRATION REQUIRED***

Often in the stress of modern life, we eat our meals rapidly without even realizing what we are eating—and without enjoying our food. Come experience the Eastern practice of eating meditation. Learn how slowing down and savoring food can enhance your enjoyment of what you eat while heightening your sense of gratitude. In this hands-on workshop (yes, we will be eating chocolate, fruit and more!) we will explore eating as a form of moving meditation, as well as discuss some of the health benefits of mindful eating including weight loss, healthier digestion and more.

**BOOK CLUB, Thursday,
May 20, Noon-1:00pm,
Program Room
